

Conference Highlights:

- ✍ Keynote Addresses by Renowned Academicians and Tribal Leaders
- ✍ Research Paper Presentations
- ✍ Panel Discussions on Policy Implications and Sustainable Development
- ✍ Networking Opportunities

Call for Papers

we invite original research papers based on themes and sub-themes of conference:

Theme 1:- Ancient literature on indigenous and folklore herbal medicinal system.

- ✍ Historical aspect of traditional herbal medicines
- ✍ Cultural practices and traditions among tribal groups
- ✍ The traditional process of discovering natural drugs
- ✍ Migration of tribal communities: Threats for medicinal plants

Theme 2:- Role of GIS for sustainable planning of indigenous medicinal plants.

- ✍ National resource management and tribal livelihoods
- ✍ Impact of globalization on tribal communities

Theme 3:- Commercialization of medicinal plant products: Lab techniques to trade.

- ✍ Technology dissemination and entrepreneurship development
- ✍ Trade, marketing and economics of herbal products of medicinal plants
- ✍ The economics of sustainability in tribal areas
- ✍ International trade and economic growth
- ✍ Role of CSR in upliftment of herbal Industry
- ✍ Commercial cultivation of medicinal plants

Theme 4:- Ethno-medicinal plants: An innovative research approach for tribals.

- ✍ Ethno-medicinal plants of Rajasthan and Madhya Pradesh
- ✍ Development and trade of medicinal and aromatic plants
- ✍ Nano technological innovations in herbal medicines
- ✍ Exploration of microbiological impact on medicinal plants
- ✍ Advanced analytical approaches for estimation of phytochemicals
- ✍ Biotechnological aspects of medicinal plants
- ✍ Advance taxonomical techniques for medicinal plants
- ✍ Folklore medicine and need of conservation in present scenario
- ✍ Innovative herbal farming
- ✍ Natural products and traditional medicines
- ✍ Medicinal plants and phytochemistry
- ✍ Herbal science and its impact on human health

Theme 5: - Tribal lifestyle & health

- ✍ Health issues of tribal women & children
- ✍ Nutrition, lifestyle and health
- ✍ Lifestyle, wellbeing of rural tribal community
- ✍ Diet & lifestyle
- ✍ Tribal health and cultural aspects
- ✍ Disease and herbal health care accessibility of tribals
- ✍ Health care aspects: Then and Now
- ✍ Health awareness of tribal communities

Theme 6: - Indigenous knowledge of tribals and conservation of medicinal plants

- ✍ Environmental issues and sustainable development
- ✍ Tribal connection to nature
- ✍ Sustainable harvesting of medicinal plants
- ✍ Sacred groves and forest
- ✍ Dedication of forests to a deity

Theme 7: - Traditional Knowledge, Trade & IPR

- ✍ Bio-piracy and ethics for herbal plants
- ✍ Environmental law for the conservation of indigenous knowledge of tribals
- ✍ Policy frameworks for sustainable tribal development
- ✍ Safeguarding tribals indigenous knowledge of medicinal plants through environmental laws.

Registration Details:

Last Date for Registration and Abstract Submission:
12th January, 2025 (For Early Birds)

Last Date for Registration and Abstract Submission:
16th January 2025, (For Late Birds)

Last Date for Full Length Paper Submission:
26th January 2025, (For Early Birds)

Last Date for Full Length Paper Submission:
30th January 2025, (For Late Birds)

Fees:

Category	Early Birds	Late Birds
International Delegate	\$15 (till 12.01.25)	\$20 (till 16.01.25)
Scientists/Faculty	₹ 1000 (till 12.01.25)	₹ 1200 (till 16.01.25)
Research Scholars	₹ 700 (till 12.01.25)	₹ 800 (till 16.01.25)
Students	₹ 500 (till 12.01.25)	₹ 600 (till 16.01.25)
Tribal Representatives	Free	Free (till 16.01.25)

About the Conference

This conference explores the intersection of Ethno-Medicinal plants as source of economic upliftment and health of tribal communities in Rajasthan and Madhya Pradesh. The event aims to bring together researchers, practitioners, policymakers, and students to delve into tribal life, challenges, and sustainable pathways for development while expanding the production and trading of the Ethno-medicinal plants.

One of the most important aspects of providing healthcare is the use of tribal and folk medicine. Millions of people live in more than 2000 tribal groups, each of which has its own unique medical customs and practices, the majority of which are still little known and unrecorded.

Traditional and tribal medicine is dwindling and, in many situations, on the verge of disappearance. A lack of substantial financial and income-generating opportunities to support the practice of traditional medicine in light of more lucrative options, as well as growing demands for plant resources with medicinal properties, which are causing a deterioration in the natural resource base, are the two main causes of the threat to tribal medicine and herbal folklore in the majority of cases.

About the Project Vision Viksit Bharat @ 2047 (VVB@2047)

“A Study of Natural, Cultural and Indigenous Medicinal Well-Being of the Tribals of Rajasthan and Madhya Pradesh.”

VVB@2047 has the vision of contributing the world with new scientific temper with Bhartiya inputs. This study will reveal the secrets of centuries old science preserved in the behaviour of tribal life of Pratapgarh district of Rajasthan and Jhabua district of Madhya Pradesh. The aim of the study will also improve the livelihood of tribals in these areas.

Parishkar College of Global Excellence (Autonomous)

Parishkar College of Global Excellence Autonomous (PCGEA) is a premier higher education institution located in Mansarovar, Jaipur (Rajasthan). Affiliated to the University of Rajasthan, established in July 2006, this college has been awarded 'A' grade by NAAC in just 11 years of its establishment, due to innovation and high-

quality study-teaching methods and continuous high-quality performance in other extra-curricular activities. Not only this, due to the continuity of its highest standards, in June 2022, the UGC (Government of India) has awarded this college with Autonomous Status. Along with this, it has been ranked first among 2440 colleges in Rajasthan and 53rd among 4500 colleges in India in the survey conducted by Asia's famous magazine 'Education World' related to education sector.

The Parishkar College provides the degree in Undergraduate courses such as B.Sc., BA, B.Com., BCA, BBA & PG Courses M.Sc., M.A., M.Com and research courses.

Now this college has designed new courses in Herbal Science, Green Hydrogen, Semiconductor, Nanotechnology its own way to meet the needs of the students and industries. Keeping in mind the framework set by UGC in the creation of these courses, and to provide global standard to the curriculum, the world's highest educational institutions have been made the basis. Research oriented and experienced faculty members are working with us. Along with this, the college is trying to work jointly by connecting with private institutions other than government. The institute is also renovating all its laboratories to connect them with industries. The basic objective of all these efforts and works is to make the education truly research and industry oriented and enable the students here to provide their positive and constructive cooperation in every field of the society.

About Rajasthan

Rajasthan is famous for its cultural heritage, historical forts, temples, and palaces, attracting tourists from all over. The state offers a mix of exotic cities like Udaipur, Jaipur, Jodhpur, and Jaisalmer, alongside charming rural spots like Bundi and Alwar. Jaipur, the capital, is known for its remarkable architecture, vibrant markets, and cultural richness. Key attractions include Hawa Mahal, City Palace, Jantar Mantar, Amber Fort, and Jal Mahal.
